VICTORY FOR THE JAPS

Rumors of Another Naval Engagement Off Corea.

THREE WAR VESSELS CAPTURED

The Report Is Not Believed at Shanghai. More About the Sinking of the Kow Shing—Damages That Will Be Asked of Japan For That Vessel's Destruction. Japanese Called Home.

SHANGHAI, Aug. 7.—It is reported that there has been another engagement off the Korean coast, in which three Chinese warships were captured by the Japanese. The report has not been confirmed as yet.

Private letters received here say that after the sinking of the Kow Shing, Captain Galsworthy and the other survivors were taken by the Japanese to Chemulpoa and thence to Sasebo, where they were released on Aug. 4 at the instance of Admiral Fremantle.

Damages From the Kow Shing Affair.

LONDON, Aug. 7.—A dispatch to The Times from Shanghai, dated Aug. 6, says that the viceroy, Li Hung Chang, expects the British government will claim compensation for the relatives of the victims of the sunken transport Kow Shing and also for the owner of the cargo, who were under the protection of the British flag when the Kow Shing was sunk. Li Hung Chang estimates the indemnity due to China from Japan on account of the Kow Shing affair at \$3,500,000.

Recalled to Japan.

LONDON, Aug. 7.—A dispatch to The Daily Times from Berlin says: The Japanese major, Ando, director of the military school at Tokio, who has been in this city since February studying the organization of the German military schools, has been recalled to Japan by telegraph. Twelve other Japanese officers, who came to Germany to inquire into the working of the military institutes, have also been ordered to return.

PLAGUE IN CHINA.

Natives Trying to Blame Foreigners For Its Present Existence.

WASHINGTON, Aug. 7.—Some idea of the feeling entertained by the Chinese toward foreigners, who have caused anxiety for the safety of American missionaries, is given in the report of the Canton plague received yesterday at the marine hospital bureau. Consul Charles Seymour, writing under date of June 23, says:

"Natives are trying to blame foreigners for the plague and have gotten up riots in Canton and the surrounding country.

The consul reports that the plague does not seem to yield to medical treatment, that the mortality is 50 per cent of the cases, and the deaths since March 1 number at least 40,000. Cholera has made its appearance in Canton in an epidemic form but is not yet so threatening as to cause special precautions to be taken against it.

PROSPECTOR MURDERED.

His Tent Robbed of All Its Valuables by the Assassin.

WINNIPEG, Aug. 7.—Isare Roy, a prospector well known throughout the Canadian northwest, was foully murdered in his camp near the town of Edmonton yesterday. His son, who was accompanying him on a prospecting tour, had gone into Edmonton for supplies, and returning in the evening found his father's lifeless body in his tent.

Roy's head had been crushed in with a club, and he had been stabbed through the heart. A club covered with blood was found nearby. Roy was known to have large sums of money, and it was to obtain this, no doubt, that the murder was committed. Everything of value in the murdered man's tent was taken by his assassin.

Senator Daniel's Loss.

LYNCHBURG, Va., Aug. 7.—William Patton Daniel, 8-year-old son of United States Senator John Daniel, met with a fatal accident Sunday afternoon. The little boy was playing in the yard of the senator's residence and had a horse saddled for a ride about the premises. The horse turned suddenly and in a second the little fellow was hanging with his head on the ground. The animal made a dash and for about 60 feet dragged the little fellow over the yard. The senator ran into the yard and bore the frightful bruised lad into the house. Although all that medical skill could suggest he died at 11:10 that night.

One Drowned, the Other Recaptured.

NEW YORK, Aug. 7.—An attempt to escape by two Blackwells Island prisoners yesterday resulted in the drowning of one man and the capture of the other. The recaptured man, John Pender, was taken back to prison and locked in a dark cell. The doomed man's name is unknown. Pender and the other were working with a gang of prisoners, when suddenly both ran to the sea wall and jumped into the river. Guards pursued in boats, but could not get to Pender's companion before he sank. His body was not recovered.

Chicago's Ball Park Accident.

CHICAGO, Aug. 7.—A temporary fence was hastily put up around the burned portion of the base ball park yesterday in time for play. The game was a miserable one on both sides. After piling up a comfortable lead the Colts grew careless and went all to pieces and nearly lost in the ninth. The score was 12 to 9 in favor of the home team. All the injured in Sunday's fire are doing well.

BIG FOUR EMPLOYES.

Those at Wabash Sorry That They Ever Struck.

WABASH, Ind., Aug. 7.—Many of the Big Four railroad men here who went out on the recent strike have secured employment on the Wabash, and are running or firing engines on the Eel River division and main line. Others have gone to the Rock Island, the Atchison, Topeka and Santa Fe and Chicago and Northwestern lines. All told, 64 men living here lost their positions on the Big Four as a result of the strike.

Engineers on the Wabash who were dismissed for refusing to handle their engines are bitterly repentant. One who has been running on the eastern division 11 years was in the city yesterday. He made application for employment at several factories, said he was willing to do any kind of work that offered, and that he would be glad to get employment even at a dollar a day until something better presented itself. He was unsuccessful, and returned to Andrews, where he has a family.

FREIGHT TRAIN BREAKS IN TWO.

One Half Runs Into a Streetcar and Four Persons Injured.

CHICAGO, Aug. 7.—A freight train on the Chicago, Milwaukee and St. Paul road last night, struck a North avenue streetcar at the Fortieth street crossing, and the following were injured: Mrs. Mary Rainier, fatally; Peter Hanson, seriously; Conductor S. Larson and Driver John Miller of the car, slightly.

The gates had been lowered as the train passed, but unknown to the gate-man, the train had broken in half. He raised the gates and as the streetcar reached the railroad track it was struck by the rear portion of the freight train.

Fired in the Dark.

TOLEDO, Aug. 7.—Vernon Riley was instantly killed yesterday evening while forcing an entrance into the residence of Clifford Eddy, at 305 South street. Robert Hodges, Eddy's brother-in-law, did the shooting. The house had been entered twice recently, and Hodges was sleeping there, the family being away. He heard the men enter, and fired four shots in the dark. Riley was shot through the brain, and John McGowan, his companion, was shot through the shoulder. Hodges was arrested but immediately released.

Religious Riots in Canada.

QUEBEC, Aug. 7.—The angry French-Canadian Catholic mob last night drove a contingent of Salvationists out of St. Roch's ward where they were endeavoring to open a station with the object of converting Catholics. Sunday night a crowd showed their disapproval and last night the trouble assumed the proportions of a riot. Armed with stones and other missiles, the mob drove the Salvationists away from their new station. Many people were injured by flying stones, but none fatally so far as is known.

Three Arrests Made.

BRAZIL, Ind., Aug. 7.—A court of inquiry is being held here to bring to justice, if possible, the criminals who assaulted David Wilson and John Wright Friday night, badly injuring them and also to ferret out the guilty parties who have frequently assaulted nonunion Chicago and Eastern Illinois employees. William Finsler, Ed Reffert and William Richmond were arrested. Finsler and Richmond were strikers. Several more arrests will follow.

A Frightful Experience.

NEW ALBANY, Ind., Aug. 7.—Charles Wagner of Louisville was killed on the Air Line, west of the city. He was walking across a trestle with his 6-year-old nephew and was struck by a train. The boy saved his life by hanging from the end of a cross-tie. Wagner was knocked from the trestle to the creek bottom, 60 feet below. The boy was suspended by the hands for five minutes before being rescued by the trainmen.

Freight Train Wrecked.

WALLA WALLA, Wash., Aug. 7.—A freight train on the Oregon Railway and Navigation company's road was wrecked at Alto Bridge last night. Seventeen cars went off the bridge which is 96 feet high. Conductor W. E. Watson, brakeman David Wright and Fred Harrison were badly though not fatally injured. The bridge gave under the heavy train.

Poles Get Drunk.

CLEVELAND, Aug. 7.—A murderous affray occurred Sunday night among a gang of poles gathered at the house of Valentine Novatky, 144 Third avenue. All hands got drunk, and participated in a general fight with knives. Novatky was slashed in a terrible manner and will die. Four of his assailants are under arrest.

General Coxey Will Lead the Populists.

COLUMBUS, O., Aug. 7.—The committee on arrangements for the People's party state convention, which meets here Aug. 16, has selected J. S. Coxey of Massillon as chief magistrate of the parade, which will consist of five wagon trains and a division of Columbus workmen on foot.

Died From Hiccoughing.

TRENTON, Aug. 7.—Rev. J. J. Pierce died yesterday after a prolonged attack of hiccough. On July 18 he was taken with a cold and violent hiccoughing followed. He began to sink a few days ago from the gastritis and the hiccoughing did not stop until he was at death's door.

Farmers Fatally Fight.

ROLF, Ia., Aug. 7.—Herman Barnes and Joseph Wiley, two farmers, had a quarrel and agreed to fight it out to a finish. The battle was a bloody affair and Barnes was so badly hurt that he died a few hours afterward. Wiley was arrested on a charge of murder.

ANTI-ANARCHIST BILL.

Provisions of the Measure That Passed the Senate.

WASHINGTON, Aug. 8.—The anti-anarchist bill, passed by the senate yesterday, was sent to congress with a favorable recommendation by Secretary Carlisle and was accompanied by a report opposing the bill of Representative Stone of Pennsylvania, which the house passed, providing for the consular inspection of immigrants at foreign ports. The senate passed the bill as a substitute for the Stone bill, and it was on this disagreement that the conference was ordered.

The first section provides that no alien anarchist shall be permitted to land at any port in the United States, but this provision shall not be so construed as to exclude political refugees.

The bill provides for hearings in the cases of landing of reported anarchists and in case the charges be proved the secretary is authorized to send the accused back to the country from whence he came.

The bill also provides for the exportation of any unnaturalized foreign born person who, upon a trial in any court, shall appear to the judge of the court before which he is tried to be an anarchist.

It also provides a system of inspection of other emigrants by authorizing the secretary of the treasury to appoint at such ports of departure as he may deem necessary an immigrant inspector whose duty it shall be to inspect passengers embarking for the United States; to erase from the passengers' manifest the name of any immigrant who he is satisfied should not be permitted to land in this country, and to forbid the transportation of any person belonging to the excluded classes in the first or second cabin or in any part of the vessel.

He is also to give information as to any suspected persons and to admonish the master of the vessel of the character of any immigrant, if objectionable, who is to be required to pay a penalty of \$100 in case he transports such a person after receiving the warning.

It also provides that the fact that an immigrant had given notice of intention to become a citizen shall not constitute a bar to proceedings against him.

ELECTION IN ALABAMA.

Oates Carries the State by 20,000 and the Legislature Is Democratic.

MONTGOMERY, Ala., Aug. 7.—The election here yesterday and all through the state was perfectly quiet. Rain fell all day and the vote was cut down in consequence. The new Sayre election law, a modified form of the Australian ballot system, enacted by the last legislature, was put in operation for the first time and worked smoothly. The ballot was a secret one. The voting was slow, and for that reason the vote was generally lighter than in 1892. The negroes, whose vote cut quite a figure, either did not vote at all or voted almost solidly for Oates in southern and middle Alabama, while in northern Alabama a majority of them were for Kolb. The white Republicans were for Kolb almost to a man.

Incomplete returns from various counties of the state indicate that in south and middle Alabama, the Democrats have made gains in every county except Mobile, where the vote was light, the city of Mobile giving only 700 Democratic majority against 3,000 last year. Montgomery, Selma, Eufala and Birmingham and nearly all the cities and large towns give Democratic majorities. The country districts were Kolb's stronghold and in north Alabama, except in the counties of Limestone, Madison, Damar, Tuscaloosa and Etowah he got the same vote as in 1892, but in Jefferson his vote shows a heavy increase.

The result in north Alabama is about the same as it was two years ago. That is Kolb's stronghold, and he has carried the same counties that he did in the last election. In south and middle Alabama the returns show Democratic gains, which will give the state to Oates by 18,000 or 20,000. The legislature is Democratic by 10 majority. The legislature will elect a successor to Senator Morgan.

Waylaid and Murdered.

GALENA, Ill., Aug. 7.—George Richardson, a prominent farmer of New Diggings, Wis., was waylaid and murdered last night while riding home from Galena by his brother, Mark. There had been ill feeling between the brothers for years, and they were engaged in litigation about their father's estate. Thursday night Mark Richardson's grainyard was burned by an incendiary fire, and he attributed the deed to his brother. He left his home last night to meet his brother on the road, and shot him dead when he approached. The murderer then went to Benton and surrendered himself, and was taken to Darlington jail.

Train Fired Into.

SOUTH McALESTER, I. T., Aug. 7.—Last night several unknown men fired into the northbound Missouri, Kansas and Texas passenger train near Bond, I. T. Owing to previous warning the train flew by at a 60-mile gait. The railway people have been anticipating an attack by bandits for several days, and all-night express trains are heavily guarded while passing through the Indian Territory. Officers have been sent in pursuit of the would-be robbers.

Bloody Tragedy on a Steamer.

NEW YORK, Aug. 7.—A bloody tragedy was enacted last night on the steamer C. H. Northam, which plies between this port and New Haven. James Gorman, 40 years old, the coxswain of the United States war vessel Minnesota, stabbed Maggie Fitzgerald, a married woman, 25 years old, in the presence of her two little girls, and then attempted to commit suicide by cutting his throat. Both are seriously wounded.

SENSATION AT PULLMAN.

State Guards Refuse to Eat With Non-union Men.

CHICAGO, Aug. 7.—The sensation of the day at Pullman was the refusal of Company M of the First infantry to eat at the same table with nonunion workmen. At 1:30 o'clock Lieutenant Bowra marched Company M up to the big mess tent that stands on the lawn behind the Hotel Florence. There the company was left in command of Sergeant Cook. When the company came to break ranks at the tent entrance they were indignant to see two tables within filled with nonunion employees of the Pullman company. The workmen were a part of the new force hired in the morning. They had been smuggled in with the soldier boys on the apology that they were afraid to go home for dinner.

As the practice had been tried in a smaller way last week to the distaste of the company, the soldiers were prepared for decisive action. William Byrnes, a member of the company, stepped into the entrance and said:

"As volunteer soldiers, the men of Company M are here to see that the laws of Illinois are obeyed. I am not aware that it is soldierly or that discipline compels us to do what we feel is unpatriotic and not worthy of gentlemen. My scruples demand that I shall not associate with scabs. I refuse to sit with them at the same table."

There was an outburst of applause from Byrnes' comrades, and Sergeant Cook marched the company across the street and broke ranks.

"We will not enter that tent" a dozen privates said, "till we are assured that all nonunion workmen are to be kept out."

The workmen were finally marched out and the company marched in, receiving the assurance that they would hereafter have the mess tent to themselves.

All State Troops Dismissed.

SPRINGFIELD, Ill., Aug. 7.—Governor Altgeld has directed General Wheeler at Chicago, commanding the state troops there, to dismiss all companies now on duty at Pullman and the Union stockyards.

PARIS REDS.

Thirty of Them Called Up For Speedy Trial.

PARIS, Aug. 7.—The trial of 30 anarchists began Monday noon in the court of assizes, with M. Dayrus presiding and M. Bulot conducting the prosecution.

The courtroom was crowded with lawyers, officials and reporters. The general public, however, either felt little interest in the trial or feared some anarchistic plot, for few outside the circle directly interested tried to gain admission. The accused filled the prisoners' dock and overflowed into the places reserved for the press.

The prisoners, Bertani, Cherlocotti and Bollotti, appeared with their wives, who are also under the charge. The only other female prisoner is the widow of Milanaccio. Conspicuous among the other prisoners are: Jean Grave, Julien Ledot and Charles Chatel, author; Sebastian Faure, agitator, and Felix Fenelon, who, when employed in the war ministry, was found to be hiding dynamite and anarchist literature in his desk. Five of those mentioned in the long indictment read, have escaped to foreign countries. Among those fugitives are: The engineer, Paul Reclus; Alexander Cohen, author, and Pouget, publicist. The trial will last about a week.

AN AGREEMENT IN SIGHT.

A Tariff Compromise May Be Reported at Any Time.

WASHINGTON, Aug. 7.—When the Democratic tariff conference adjourned yesterday there seemed to be a better feeling among the conferees than at the close of previous sessions. Members from both houses announced that the committee had been working over the schedules and that progress was being made, but they did not indicate when a report would be reached, though some of the conferees expressed the opinion that an agreement was in sight. For a considerable portion of the day the senators were not in the conference room, but it was stated that no significance was to be attached to that fact, as they were working toward an agreement. These senators occasionally repaired to the committee room of Senator Vest, and sometimes were in consultation with Democratic managers in the room of the committee on appropriations.

Considerable surprise was expressed by the conferees when they learned that a call for a house caucus had been issued, and it evidently was very distasteful to the house members who had felt that they were beginning to see an agreement. Mr. Montgomery said that the caucus would make no difference so far as he was concerned, and he would continue the work he was engaged in unless some action, very different from that which he anticipated, would be taken by the caucus. He said that while the caucus was in progress the conferees would be at work.

Sensation at Pittsburgh.

PITTSBURGH, Aug. 7.—A young woman who refused to give her real name, but who claims to be a niece of a United States supreme court justice, attempted suicide yesterday by taking chloroform in a large wholesale shoehouse of this city. She took the chloroform in the presence of a member of the firm, alleging that he had coaxed her to come here from New York and then deserted her. This story is denied by the gentleman involved, who declares it to be a case of blackmail. The young woman was arrested and is still in custody.

ANTI-ANARCHIST BILL

Such a Measure Introduced and Passes the Senate.

IT PROVIDES FOR DEPORTATION.

A Few Amendments Made to the House Measure—Last of the Appropriation Bills Passed—Proposed Change in the National Taxation System—Only Routine Business Transacted in the House.

WASHINGTON, Aug. 7.—In the senate yesterday a resolution was introduced by Mr. Mills (Dem., Tex.) and ordered to lie on the table temporarily declaring that in the revision of the existing system of national taxation the following principles should be observed:

First—That all taxes are burdens on the taxpayers and can only be rightfully imposed to raise revenue to support the government.

Second—That when taxes are imposed on imported goods the rate should be so low as not materially to restrict importations; and

Third—That in selecting articles to be taxed only those ready for consumption should be chosen and those imported for manufacture or remanufacture should be exempt.

The conference report on the river and harbor bill was then agreed to. This completes the bill and it goes to the president for signature.

The bill for the deportation of anarchists then came up and Mr. Hill explained its provisions. Unless some action was taken by this government, such as was now before the senate, this country, he said, would soon be the dumping ground for the anarchists of the world. It was not intended to make the belief in anarchy a crime and therefore no attempt had been made to define anarchy. He favored the provision of the senate bill for inspection by the treasury agents instead of by consuls and was sure that no one could attribute his attitude on this section to a desire to secure more patronage for the secretary of the treasury. There were no politics in the bill, and he favored it because he believed it was better than the house bill.

Mr. Dodge (Rep., Mass.) expressed the belief that both bills were inadequate for the purpose of restricting immigration, but he was anxious to see some restriction placed on immigration, no matter how slight it might be.

Mr. Palmer pointed out the difficulty of dealing fairly with the question and the danger of doing injustice to the harmless socialists while protecting ourselves against the danger of anarchists. He asked Mr. Hill whether the bill would apply to undesirable persons already in the country. Mr. Hill replied that it would.

The discussion then took on a legal aspect, and hinged upon the right of a country to protect itself against undesirable aliens. Mr. Hill pointed out the moderation of the pending bill as compared with the act recently passed by the parliament of Great Britain, and Mr. Kyle (Pop., S. D.) asked him to more accurately define the term anarchist, for there were, he said, peaceable and learned people in Boston who held that it was impossible for a people to become so highly civilized as to live together without laws, and, therefore, according to the usual definition, they were anarchists.

Mr. Hill replied that they were at liberty to hold this belief, but if they tried to overturn the laws for the purpose of putting their belief to the test then they became dangerous.

After some further debate, and the adoption of some amendments, the bill was passed, and Messrs. Hill, Faulkner and Chandler were appointed conferees.

At 5:30 the senate went into executive session and at 5:45 adjourned.

House Proceedings.

WASHINGTON, Aug. 7.—The house transacted some unimportant routine business yesterday but spent most of the day debating the senate amendments to the Indian appropriation bill providing for the ratification of the treaties with Nez Perce, Yakima and Yum Indians, but no vote was taken. Mr. Johnson of Ohio presented the memorial of the Central Labor union of Cleveland, praying for the impeachment of United States District Judge Ricks of Ohio, and it was referred to the judiciary committee.

At 4:30 p. m. the house adjourned.

A Break For Liberty.

FORTSMOUTH, O., Aug. 7.—A bold attempt to break prison was attempted by Charles Roberts and George Williams last night. Burton, the turnkey, entered the main cell, when the prisoners overpowered him and secured the keys. They broke for the main entrance just as the chief of police entered. This morning they were fined \$50 and given sentences of four months in the workhouse. Mr. Burton's injuries are not serious.

Fruit Market Glutted.

SAN FRANCISCO, Aug. 7.—The Sacramento river steamers arriving yesterday brought in over 25,000 packages of fruit. There were also heavy shipments by rail, and the local market became so badly glutted that peaches and plums sold at 5 cents per basket. As each basket of fruit weighs from 30 to 40 pounds the price realized does not pay freight and commission charges.

An Indiana Man Suicides in New York.

NEW YORK, Aug. 7.—Martin E. Yates of Goshen, Ind., was found dead in his bed at the Windsor hotel yesterday, having committed suicide by opium. Yates, who had been a guest at the hotel for a week, is supposed to have been wealthy.

Fair weather; slightly warmer.

LEXINGTON now has four daily papers, two Democratic, one Republican one A. P. A. May the fittest survive.

HAD Ohio, Maryland and New Jersey been represented in the Senate by real Democrats instead of such men as Brice, Gorman and Smith, a tariff bill would have been passed weeks ago.

THE announcement that Representative Paynter has decided not to resign his seat in Congress until the November election doesn't please our Republican friends. Of course Mr. Paynter is very apt to consult their pleasure and wishes in such a matter.

DEMOCRACY has had enough of Senators Gorman, Brice and Smith. This triumvirate of trusts' attorneys care nothing for their party's principles and not a fig for the people's welfare. Their one aim seems to be to look after the interests of monopolies.

TENNESSEE Democrats were opposed in the late campaign by an alliance of Republicans, A. P. A.s and Populists, but downed the "combine" without much trouble. A dispatch says their majority in the State is larger than it was in 1892. Tennessee Democrats are all right.

JOHNSON COUNTY has thirty-one candidates for Jailor, twenty-seven for County Clerk, six for County Judge and seventeen for Assessor, on the Republican side, subject to the primary to be held this month. Johnson is solidly Republican, which accounts for the scramble.

COXEY and Kelley who led a lot of fool troops to Washington City have now abandoned their dupes and told them to hustle for themselves. The country was too lenient with these tramp leaders. They were responsible for this "industrial army" business, and ought to have been landed in some work house for vagrancy.

A RESOLUTION introduced in the Senate Monday by Mr. Mills, of Texas, declares that "all taxes are burdens and can only be rightfully imposed to raise revenue for the support of the Government." This has the true Democratic ring to it. A few so-called Democratic Senators, however, seem to think that taxes should be imposed for the especial benefit of trusts and monopolies.

AS THE Philadelphia Record says, there has been a great deal of talk in Republican newspaper organs about the impropriety of President Cleveland writing to Chairman Wilson in reference to a pending measure of legislation. The President exercised his privilege as a citizen of the United States; and if all the citizens of the country had taken advantage of the mail facilities to communicate their views to their Senators during the consideration of the tariff bill the result might have been the formulation of a different measure than that which is now the subject of dispute between the two Houses of Congress. The field having been left open to the friends of special interests, the Senators yielded to the pressure brought to bear upon them. It is not yet too late for the voters of the country to imitate the course of President Cleveland.

KENTUCKY BANKS.

They Never Were in Better Condition Than at Present—A Summary of the Last Reports.

A special from Frankfort says that Secretary of State Headley has finished the summary of the bank reports made to his office June 18 under the provisions of the Corporation law. It comprises a complete synopsis of the reports of 167 State banks and thirteen private banks, and is as follows:

RESOURCES.	
Mortgages, loans and discounts.....	\$36,979,744 19
Due from banks.....	6,736,844 27
Cash and cash items.....	4,147,582 02
Other assets.....	3,727,085 84
Total.....	\$51,581,257 32
LIABILITIES.	
Capital stock paid in in cash.....	\$16,501,722 81
Surplus fund.....	5,027,747 99
Deposits.....	23,985,119 35
Due banks.....	3,438,052 60
Other liabilities.....	2,078,614 58
Total.....	\$51,581,257 32

It is interesting to compare the synopsis with the other four that have been made since July, 1893, when the law under which the reports are made was put into effect. For several months after that date it is shown that depositors withdrew heavily from the banks. Then the deposits began to increase and continued to increase ever since. The banks have also constantly increased their reserve fund, which the law requires to be 15 per cent. of deposits, except in Louisville where the reserve must be 25 per cent., until now it amounts to nearly 50 per cent. of deposits.

A well-known financier said when shown the statement prepared by the Secretary of State that he did not believe there ever was a time in the history of the State when the banks were as solid and in as good condition as now.

SHOT HERSELF.

The Wife of Ed. Hiatt Tried to Commit Suicide But Didn't Succeed.

The wife of Edward Hiatt shot herself, with suicidal intent, between 8 and 9 o'clock last night at their home in "Smoky Hollow," using a pistol of .32 calibre.

The wound is in the right side just under the ribs, and is not considered very serious. The ball ranged along under the skin for a few inches and passed out, without penetrating the cavity.

The shooting was the result of a family quarrel. Mrs. Hiatt had threatened to shoot her husband only a few minutes before she turned the weapon on herself.

GRAND STAND BURNED

Philadelphia Base Ball Park in Ruins.

OTHER PROPERTY DESTROYED.

Car and Omnibus Stable Badly Damaged. The Total Loss Will Reach Over a Hundred Thousand Dollars—Seven Firemen Injured—Fire Losses at Various Other Places.

PHILADELPHIA, Aug. 7.—Fire broke out yesterday in the left field or ladies' end of the handsome pavilion of the Philadelphia Base Ball club, and when the firemen arrived they saw the stand was doomed, and second and third alarms were quickly sent out and every effort was made to save the adjoining property. In half an hour the grandstand, bleachers, and, in fact, all the woodwork was in ruins.

Fanned by a stiff breeze, the flames were carried over to the stables of the Omnibus company on the west side of Fifteenth street, directly opposite the grandstand, and soon they were in flames. This necessitated the sending of another alarm, the fourth, which brought nearly all the companies in the city proper.

From the 'bus stables the fire spread to the car stables of the Traction company, where the cars of the Fourteenth and Fifteenth and Twelfth and Sixteenth street lines are quartered.

Several hundred horses were in the 'bus stables when the fire broke out, but all were gotten out in safety.

The cigar and fruit store of J. Van Earl, corner Fifteenth and Huntington streets, was badly damaged, and the pavilion attached to the saloon of J. Boyle, on Huntington street, opposite the ball grounds, were destroyed.

The origin of the fire is attributed to lighted cigarettes having been carelessly thrown under the grandstand. By whom the cigarettes were thrown is not known.

The players of the Philadelphia club were practicing on the grounds when the fire started, and they all worked hard to extinguish it, but to no avail.

Seven firemen, James McGee, Charles Boyer, Assistant Engineer Ellinger, Thomas Clayton, Harry Thomas, George Reese and John Elliott were badly burned.

The pavilion was insured for \$20,000, and the loss there will be about \$80,000. The omnibus company's loss is \$20,000; fully insured. Other damage to property amounts to about \$13,000; partially insured.

The games scheduled to be played with Baltimore in the afternoon were postponed, and last night the Philadelphia team left for Boston. The club will play two games in this city with the Washington team Saturday, using the University of Pennsylvania grounds.

FIRE IN ST. PAUL.

Half a Dozen of Them Occur During One Afternoon.

ST. PAUL, Aug. 7.—Yesterday was a busy day for the fire department in this city, no less than half a dozen serious fires having occurred during the afternoon and evening. One resulted in the destruction of the home of P. M. Clark, corner Milton and Laurel avenues, with other structures that brought the loss up to \$10,000.

Then there were a couple of brush fires that caused much trouble and narrowly escaped destroying considerable property.

While the Clark fire was in progress the department was called to Mackubin and Minnehaha streets, where the worst fire of the day was raging. It resulted in the destruction of the Great Northern trestle, tracks and cars valued at \$30,000, sheds and fuel of the Northwestern Fuel company, the St. Paul Ice company's icehouse and a city bridge, bringing the total loss up to or above \$50,000. This fire was under control at 6 o'clock, although much other valuable property was saved only by hard and effective work.

Last night there were three alarms between 9 and 10 o'clock, one of them in the heart of the business part of the city, and the blazes were for a time quite threatening, but were kept down so that the losses were not heavy.

FIRE IN TENEMENT HOUSES.

One Hundred Families Have a Narrow Escape For Their Lives.

CHICAGO, Aug. 7.—A panic was created yesterday afternoon by a fire which broke out in a row of tenement houses at West Fortieth and Ohio streets, a hundred families tumbling over each other in a wild scramble to save their effects. The fire started in an alley, and, driven by a strong wind, swept down the row, destroying the back porches, kitchens and outbuildings of 60 houses.

The flames threatened for a time to wipe out the entire neighborhood, and the tenants fled in terror, but by hard work the fire department finally controlled the blaze with a loss of less than \$10,000.

Five Cremated.

WILLMAR, Minn., Aug. 7.—The farmhouse of S. O. Ostenson, of the town of Dover, about eight miles north of here, was burned to the ground at 2 a. m. Monday. Mr. Ostenson and four children lost their lives in the flames. Mr. Ostenson narrowly escaped cremation, but is crazed over the awful event.

Brothers Burned to Death.

LODI, S. D., Aug. 7.—The house of George Johnson burned yesterday. Two sons, aged 14 and 20, lost their lives in the flames.

Two Men Crushed to Death.

Cincinnati Tobacco Market.

Furnished by the Cincinnati Leaf Tobacco Warehouse Company:

The tobacco market has shown very little change in the past week. Prices have fluctuated some, and the reactions have been some larger, probably caused by so many anticipating a much higher market by August 1. As the drought continued so long it made the shippers feel that it was only a matter of time before the manufacturers would realize the short crop and advance prices; but the rains came, and will help the crop considerably, and will be the means of keeping the market in its usual channel. There was some very good tobacco placed on the market, as prices will show, and there was a very active demand for the fancy goods, while the good mediums were firm; there being a better demand for the better qualities. Colony lugs were very active, while the nondescripts were some easier during the week, but showed more strength on Friday. The double old has not shown the strength it did a month ago, there being prejudice against it and, wrongly, too, as some of the offerings have been very sweet and of the best quality, but the prices are not up to holders' expectations, and there were a large number of rejections on this class of goods.

The monthly report shows stock larger in our market than one year ago, with liberal receipts, but there is no doubt a shortage in the manufacturers' hands, which should cause a strong, active market, with liberal offerings.

There were quite a number of select lots offered at the Miami, of which we note the following: Ten hds, Brown County, ranging from \$18 to \$23.25, average \$20.22; 4 hds, Bracken County, average \$19.55; 9 hds, Scott County, average \$17; 5 hds, Nicholas County, ranging from \$21 to \$22.75, average \$22; 12 hds, Brown County, average \$18.46; 8 hds, Scott County, average \$16.60; 8 hds, Brown County, average \$19.84.

The following crop lots at the Globe House: Six hds, Owen County, ranging from \$14.30 to \$21.45, average \$17.85; 12 hds, Adams County, ranging from \$11.75 to \$19.25, average \$14.55; 11 hds, Mason County, ranging from \$11.75 to \$14.25, average \$13.75; 16 hds, Fleming County, ranging from \$9 to \$21, average \$13.34.

Louisville Tobacco Market.

Furnished by Glover & Durrett, Louisville Tobacco Warehouse.

Sales on our market for the week just closed amount to 3,661 hds., with receipts for the same period, 3,563 hds. Sales on our market since January 1st, amount to 105,890 hds. Sales of the crop of 1893 on our market to this date amount to 105,779 hds. Our market has been steady and unchanged this week for burley tobacco, with extremely heavy offerings. In some localities the growing crop is suffering from the dry weather, and the prospects are not as flattering for the crop on the hill, as they were two weeks ago.

The following quotations fairly represent our market for burley tobacco (1893 crop):

TAKE a delightful two-hours ride up and down the beautiful Ohio this evening on the neat little steamer Laurance. Only ten cents. Leaves her float at foot of Limestone street at 7 o'clock. Music by Aberdeen orchestra. How can you spend a few hours more pleasantly this hot weather?

It is not generally known but it's a fact, says the Cincinnati Tribune, that the Globe is the largest tobacco warehouse in the world. It is 225 feet front, 180 feet deep, eight stories high, with a storing capacity of 7,500 hogsheads. The salesroom is very large, and about 410 hogsheads can be offered at one time.

MR. ROBERT BUCKLER, of Mt. Olivet, was down last week taking in the fair and shaking hands with his many Maysville friends. Bob is the Republican candidate for County Attorney of Robertson, and if it were not for his politics the BULLETIN would like to see him get there. He is a splendid fellow, well qualified for the position.

Just received, a new line of belts and buckles, belt pins in gold and silver, ladies' button sets, children's dress pins and button sets, hat pins and hair pins, cuff pins in gold and silver, link cuff buttons, scarf pins. These goods have been marked down to bottom prices.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
